Executive Summary School Accountability Report Card, 2008-09

William J. (Pete) Knight High School

Address: 37423 70th St. East , Palmdale CA 93552
Principal: Susan McDougal

Phone: 661-533-9000
Grade Span: 9 - 12

This executive summary of the School Accountability Report Card (SARC) is intended to provide parents and community members with a quick snapshot of school accountability. The data presented in this report are reported for the 2008-09 school year, except the School Finances and School Completion data that are reported for the 2007-08 school year. For additional information about the school, parents and community members should review the entire SARC or contact the school principal or the district office.

About This School

William J. "Pete" Knight High School, home of the Knight Hawks, opened its doors on September 2, 2003. The school was named for the late California Senator, William J. "Pete" Knight, who was a community leader and role model through his work over the years of distinguished service in the U. S. Air Force, as a test pilot at Edwards Air Force Base, as the first mayor in the City of Palmdale and as a California Senator.

Knight High School has established the theme of excellence. During the 2007-2008 school year Knight High School was accredited by the Western Association of Schools and Colleges (WASC) and received the highest accreditation school: accreditation of six years. In the 2008-2009 school year, Knight High School was given the task of improving its API scores by 7 points. Instead, this school's scores increase 35 points.

All students select courses from a variety of University of California a-g approved classes that not only fulfill high school graduation requirements but university entrance as well. These rigorous courses, our support programs and qualified staff, support students to complete requirements that prepare them for college and encourage critical thinking skills.

School Accountability Report Card Reported for School Year 2008-09 Published During 2009-10

The School Accountability Report Card (SARC), which is required by law to be published annually, contains information about the condition and performance of each California public school. More information about SARC requirements is available on the California Department of Education (CDE) [SARC](#) Web page. For additional information about the school, parents and community members should contact the school principal or the district office.

I. Data and Access

DataQuest

DataQuest is an online data tool located on the CDE [DataQuest](#) Web page that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2008-09)

School Description and Mission Statement (School Year 2008-09)

Knight High School Mission Statement:

William J. "Pete" Knight High School is an academically rigorous learning environment that promotes college and/or career goals for all students through standards driven curriculum and student centered instructions.

In accordance with this statement our Vision statement reads, "Every student at Knight High School will have the option of attending a four-year college or university."

In accordance with our vision statement, Pete Knight High School strives to continue and strengthen the College-going Culture. The master schedule, instructional minutes, a modified schedule and a highly qualified faculty support the vision that all students will be prepared for college or university entrance.

The modified bell schedule includes a homeroom period and a weekly reduced, or "flex" Wednesday schedule. The homeroom period is designed to promote personalized learning through small learning communities with teacher advocates and peer study groups to provide support for each student. Reduced Wednesdays are designed for teachers to participate in a collaborative team staff development model to create lessons, common assessments, common vocabulary, and syllabi, as well as professional development opportunities. In addition, school-wide initiatives such as Classroom Walk Thrus, AVID and Marzano instructional strategies exist throughout all subject areas to incorporate Cornell note-taking, writing, reading and inquiry methods, compare/contrast, and summarization within the classroom setting. Instructional Coaches also provide support to new and veteran teachers in instructional strategies and teaching skills that enhance teacher efficacy. The master schedule is built in accordance to student requests and needs. Numerous support classes are offered, as well as Advanced Placement and Honors courses.

A climate of collaboration and communication drives Knight High. Community meetings and collaboration among staff and with families enhances the learning community. By maintaining positive relationships and continuing to work together, we are confident that Knight High School will continue to be viewed as an exemplary learning institution.

Opportunities for Parental Involvement (School Year 2008-09)

Opportunities for Parental Involvement (School Year 2008-09)

Knight High School welcomes parent involvement and participation. Ms. Bertha Smith was hired as the Parent Volunteer Coordinator in the 2005 - 2006 school year. She successfully recruited at least 74 volunteers to assist our staff in numerous ways. We encourage our parents to become involved and invite them to join our Parent Volunteer Program during Back to School Night and throughout the school year.

Parents are encouraged to use the Edline system to access their student's current grades, attendance and school information. TeleParent, a phone messaging software, is utilized to relay school information and announcements of events, as an effort to reach all students, parents and staff. Parents also communicate with staff via email. The website, www.khshawks.org, provides school, staff and classroom information to parents, students and community.

If you would like more information regarding our parent volunteer program, please contact Ms. Tammie Shepherd at 661-533-9000 ext. 356.

Student Enrollment by Grade Level (School Year 2008-09)

III. School Climate

School Safety Plan (School Year 2008-09)

This section provides information about the school's comprehensive safety plan.

Knight High School established and maintains a safe campus by following a consistent and fair discipline process that promotes a positive learning environment and emphasizes respect. A full time Los Angeles County Deputy Sheriff and a campus security team serve to keep the campus secure for optimum safety and learning. School safety is a priority. Issues that revolve around safety include, but are not limited to, school climate, violence on campus, crisis preparedness, school law enforcement relations and alcohol/drug use. Knight High School School's Safety Action Plan has been developed. The plan is reviewed and updated yearly.

Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09
Suspensions	14.4	20.9	25.2	29.2	25.8	24.8
Expulsions	1.3	0.7	1.4	1.6	1.5	1.3

IV. School Facilities

School Facility Conditions and Planned Improvements (School Year 2009-10)

This section provides information about the condition of the school's grounds, buildings, and restrooms, and a description of any planned or recently completed facility improvements.

William J. 'Pete' Knight High School is a relatively brand new school site with its doors opening in 2003. All facilities are in excellent condition. The stadium project was completed in Fall 2006.

School Facility Good Repair Status (School Year 2009-10)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

System Inspected	Repair Status				Repair Needed and Action Taken or Planned
	Exemplary	Good	Fair	Poor	
Systems: Gas Leaks, Mechanical/HVAC, Sewer	N/A	X			No repairs needed
Interior: Interior Surfaces	N/A	X			No repairs needed

V. Teachers

Teacher Credentials

This table displays the number of teachers assigned to the school with a full credential, without a full credential, and those teaching outside of their subject area of competence. Detailed information about teacher qualifications can be found on the CDE [DataQuest](#) Web page.

Teachers	School			District
	2006-07	2007-08	2008-09	2008-09
With Full Credential	97	102	108	930
Without Full Credential	31	33	19	108
Teaching Outside Subject Area of Competence	1	2	2	N/A

Teacher Misassignments and Vacant Teacher Positions

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Indicator	2007-08	2008-09	2009-10
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments	0	0	2
Vacant Teacher Positions	0	0	1

Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2008-09)

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the CDE [Improving Teacher and Principal Quality](#) Web page.

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by NCLB Compliant Teachers	Taught by Non-NCLB Compliant Teachers
This School	88.1	11.9
All Schools in District	88.5	11.5
High-Poverty Schools in District		
Low-Poverty Schools in District	89.2	10.8

VI. Support Staff

Academic Counselors and Other Support Staff (School Year 2008-09)

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

Title	Number of FTE Assigned to School	Average Number of Students per Academic Counselor
Academic Counselor	8.0	421
Library Media Teacher (Librarian)		N/A
Psychologist		N/A
Social Worker		N/A
Nurse		N/A
Speech/Language/Hearing Specialist		N/A
Resource Specialist (non-teaching)	1.8	N/A
Other	4.0	

VII. Curriculum and Instructional Materials

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2009-10)

This table displays information about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school, and information about the school's use of any supplemental curriculum or non-adopted textbooks or instructional materials.

Core Curriculum Area	Quality, Currency, and Availability of Textbooks and Instructional Materials	Percent of Pupils Who Lack Their Own Assigned Textbooks and Instructional Materials
Reading/Language Arts	All standards aligned textbooks are in excellent to useable condition and are current editions adopted by the district. Textbooks are reviewed for quality and relevance and replaced with more current editions when needed. Sufficient quantities have been obtained.	0%
Mathematics	All standards aligned textbooks are in excellent to useable condition and are current editions adopted by the district. Textbooks are reviewed for quality and relevance and replaced with more current editions when needed. Sufficient quantities have been obtained.	0%
Science	All standards aligned textbooks are in excellent to useable condition and are current editions adopted by the district. Textbooks are reviewed for quality and relevance and replaced with more current editions when needed. Sufficient quantities have been obtained.	0%
History-Social Science	All standards aligned textbooks are in excellent to useable condition and are current editions adopted by the district. Textbooks are reviewed for quality and relevance and replaced with more current editions when needed. Sufficient quantities have been obtained.	0%
Foreign Language	All standards aligned textbooks are in excellent to useable condition and are current editions adopted by the district. Textbooks are reviewed for quality and relevance and replaced with more current editions when needed. Sufficient quantities have been obtained.	0%
Health	All standards aligned textbooks are in excellent to useable condition and are current editions adopted by the district. Textbooks are reviewed for quality and relevance and replaced with more current editions when needed. Sufficient quantities have been obtained.	0%
Visual and Performing Arts	All classes supplied with the appropriate materials.	0%
Science Laboratory Equipment (grades 9-12)	All labs are fully equipped with the appropriate materials.	0%

VIII. School Finances

Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2007-08)

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE [Current Expense of Education & Per-pupil Spending](#) Web page and teacher salaries can be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Level	Total Expenditures Per Pupil	Expenditures Per Pupil (Supplemental / Restricted)	Expenditures Per Pupil (Basic / Unrestricted)	Average Teacher Salary
School Site	\$5,565.70	\$1,830.65	\$3,735.05	\$62,133
District	N/A	N/A	\$4,266.54	\$62,133
Percent Difference – School Site and District	N/A	N/A	12%	0%
State	N/A	N/A	\$5,512	\$68,332
Percent Difference – School Site and State	N/A	N/A	32%	9%

Types of Services Funded (Fiscal Year 2008-09)

This section provides information about the programs and supplemental services that are available at the school and funded through either categorical or other sources.

One measure contributing to the academic strength of a program is the amount of money the District spends for each student enrolled. Knight High School receives a Title I allocation of \$279,968. Other categorical money, such as Title II, Title III, Title IV, and TUPE, is additional support provided to schools with specific guidelines for its use. Title I Program money assists students in the areas of math and English. This fund also provides additional counseling services, instructional aides, and learning technicians.

Teacher and Administrative Salaries (Fiscal Year 2007-08)

This table displays district salaries for teachers, principals, and superintendents, and compares these figures to the state averages for districts of the same type and size. The table also displays teacher and administrative salaries as a percent of a district's budget, and compares these figures to the state averages for districts of the same type and size based on the salary schedule. Detailed information regarding salaries may be found on the CDE [Certificated Salaries & Benefits](#) Web page.

Category	District Amount	State Average For Districts In Same Category
Beginning Teacher Salary	\$36,720	\$42,810
Mid-Range Teacher Salary	\$66,834	\$69,375
Highest Teacher Salary	\$92,023	\$89,104
Average Principal Salary (Elementary)		
Average Principal Salary (Middle)		\$120,314
Average Principal Salary (High)	\$121,486	\$126,901
Superintendent Salary	\$204,063	\$198,563
Percent of Budget for Teacher Salaries	38.40 %	37.30 %
Percent of Budget for Administrative Salaries	5.20 %	5.20 %

IX. Student Performance

Standardized Testing and Reporting Program

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE [Standardized Testing and Reporting \(STAR\) Results](#) Web site. Program information regarding the STAR Program can be found in the [Explaining 2008 STAR Program Summary Results to the Public guide](#). Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results for All Students – Three-Year Comparison

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

Subject	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09

History-Social Science	22	24	33	23	25	31	33	36	41

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

Standardized Testing and Reporting Results by Student Group (School Year 2008-09)

This table displays the percent of students, by group, achieving at the Proficient or Advanced level (meeting or exceeding the state standards) for the most recent testing period.

Group	Percent of Students Scoring at Proficient or Advanced			
	English-Language Arts	Mathematics	Science	History-Social Science
African American	27	9	25	22

Note: Scores are not shown when the number of students tested is 10 or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California High School Exit Examination Results

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute Adequate Yearly Progress (AYP) designations as required by the federal NCLB Act of 2001. Detailed information regarding CAHSEE results can be found at the CDE [California High School Exit Examination \(CAHSEE\)](#) Web site. Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy, or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California High School Exit Examination Results for All Students – Three-Year Comparison

In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

California Physical Fitness Test Results (School Year 2008-09)

The California Physical Fitness Test is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting fitness standards for the most recent testing period. Detailed information regarding this test, and comparisons of a school's test results to the district and state levels, may be found on the CDE [Physical Fitness Testing \(PFT\)](#) Web page. Note: Scores are not shown when the number of students tested is ten or less because the number of students in this category is too small for statistical accuracy or privacy protection. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

X. Accountability

Academic Performance Index

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE [Academic Performance Index \(API\)](#) Web page.

Academic Performance Index Ranks – Three-Year Comparison

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from one to ten. A statewide rank of one means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of ten means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of one means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of ten means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2006	2007	2008
Statewide	4	4	3
Similar Schools	8	8	7

"N/A" means a number is not applicable or not available due to missing data.

"B" means this is either an LEA or an Alternative Schools Accountability Model (ASAM) school. Schools participating in the ASAM do not currently receive growth, target information, or statewide or similar schools rankings on this report in recognition of their markedly different educational missions and populations served. ASAM schools are covered under the Alternative Accountability system as required by Education Code Section 52052 and not the API accountability system. However, API information is needed to comply with the federal No Child Left Behind (NCLB) law. Growth, target and rank information are not applicable to LEAs.

"C" means this is a special education school. Statewide and similar schools ranks are not applicable to special education schools.

" * " means this API is calculated for a small school or a small LEA, defined as having between 11 and 99 valid STAR Program test scores included in the API. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted. Similar schools ranks are not calculated for small schools.

Academic Performance Index Growth by Student Group – Three-Year Comparison

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

Group	Actual API Change			Growth API Score
	2006-07	2007-08	2008-09	2009
All Students at the School	4	-8	35	694
African American	1	2	27	647
American Indian or Alaska Native				
Asian				
Filipino				
Hispanic or Latino	8	-14	41	691
Pacific Islander				
White (not Hispanic)	7	-10	43	760
Socioeconomically Disadvantaged	-1	-12	100	731
English Learners	9	-12	-1	622
Students with Disabilities	0	12	39	468

"N/A" means a number is not applicable or not available due to missing data.

"**" means this API is calculated for a small school, defined as having between 11 and 99 valid Standardized Testing and Reporting (STAR) Program test scores included in the API. The API is asterisked if the school was small either in 2008 or 2009. APIs based on small numbers of students are less reliable and therefore should be carefully interpreted.

Adequate Yearly Progress

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

Adequate Yearly Progress Overall and by Criteria (School Year 2008-09)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	No
Percent Proficient - Mathematics	No	No
API	Yes	Yes
Graduation Rate	Yes	No

"Yes"

Met 2009 AYP Criteria

"No"

Did not Meet 2009 AYP Criteria

Federal Intervention Program (School Year 2009-10)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE [Adequate Yearly Progress \(AYP\)](#) Web page.

Indicator	School	District
Program Improvement Status	Not in PI	In PI
First Year of Program Improvement		2004-2005
Year in Program Improvement		Year 3
Number of Schools Currently in Program Improvement	N/A	8
Percent of Schools Currently in Program Improvement	N/A	57.1

XI. School Completion and Postsecondary Preparation

Admission Requirements for California Public Universities

University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [General Admissions Information](#) Web page (Outside Source).

California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [Undergraduate Admission & Requirements](#) Web page (Outside Source).

Dropout Rate and Graduation Rate

This table displays the school's one-year dropout and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE [DataQuest](#) Web page.

Indicator	School			District			State		
	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08	2005-06	2006-07	2007-08
Dropout Rate (1-year)	0.8	2.0	1.4	2.3	4.4	6.4	3.5	4.4	3.9
Graduation Rate	99.0	90.2	93.1	88.6	82.1	81.9	83.4	80.6	80.2

Completion of High School Graduation Requirements

Students in California public schools must pass both the ELA and mathematics portions of the CAHSEE to receive a high school diploma. For students who began the 2008-09 school year in grade twelve this table displays by student group the percent who met all state and local graduation requirements for grade twelve completion.

Group	Graduating Class of 2009		
	School	District	State
All Students	616	4214	N/A
African American	117	761	N/A
American Indian or Alaska Native	1	17	N/A
Asian	6	80	N/A
Filipino	10	95	N/A
Hispanic or Latino	381	1930	N/A
Pacific Islander	3	17	N/A
White (not Hispanic)	98	1314	N/A
Socioeconomically Disadvantaged	383	1787	N/A
English Learners	188	975	N/A
Students with Disabilities	36	316	N/A

Career Technical Education Programs (School Year 2008-09)

This section provides information about the degree to which pupils are prepared to enter the workforce, including a list of career technical education (CTE) programs offered at the school.

Our counselors do an excellent job explaining the numerous academic and career opportunities available to our students. The College Career Center opened and is fully staffed. The ninth grade students completed the career interest inventory. Tenth grade students explored career and college options via district and site events, classroom visitations and evening events sponsored by the Guidance Department and AVID program. Eleventh graders were given the opportunity to take the ASVAB test in November 2008. Twelfth grade students received an individual academic review and plans were finalized for post secondary education or career choices.

The library offers a Career and College corner for students. Work ethics are taught through classroom assignments and the Character Counts program. Curriculum is rigorous, relevant and reality based. The Regional Occupation Program (ROP) prepares students for the workforce and is offered to students 16 years of age or older. A variety of ROP courses were offered such as Video Production and Video Imagery, Video Game Development and Project Lead the Way was in its third year with a full engineering pathway culminating Aerospace Engineering class. During the 2008-2009 school year, an on site Work Experience Coordinator assisted students with work permits.

Career Technical Education Participation (School Year 2008-09)

This table displays information about participation in the school's CTE programs.

Measure	CTE Program Participation
Number of the school's pupils participating in CTE	772
Percent of the school's pupils completing a CTE program and earning a high school diploma	98.39
Percent of school's CTE courses sequenced or articulated between the school and institutions of postsecondary education	100%

Courses for University of California and/or California State University Admission (School Year 2007-08)

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion, of courses required for UC/CSU admission can be found on the CDE [DataQuest](#) Web page.

UC/CSU Course Measure	Percent
Students Enrolled in Courses Required for UC/CSU Admission	70.9
Graduates Who Completed All Courses Required for UC/CSU Admission	25.7

Advanced Placement Courses (School Year 2008-09)

This table displays for the most recent year the number of Advanced Placement (AP) courses that the school offered by subject and the percent of the school's students enrolled in all AP courses. Detailed information about student enrollment in AP courses can be found on the CDE [DataQuest](#) Web page.

Subject	Number of AP Courses Offered	Percent of Students In AP Courses
Computer Science	1	N/A
English	2	N/A
Fine and Performing Arts		N/A
Foreign Language	2	N/A
Mathematics	3	N/A
Science	2	N/A
Social Science	4	N/A
All courses	14	5.9

XII. Instructional Planning and Scheduling

Professional Development

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Two days per month are dedicated to staff development.
